RL File No 74 of 1937 | General and Revenue Secretariat

The working hours of the Power looms from 6 am to 8 PM on each day and Rice & Flour Mills are allowed to work till 9 PM each day

2) It is reported that the Draft Bye laws under reference have been framed under section 48 (1) (b) (iii) of the Town Municipalities Act 1933 From a perusal of the provisions of this section it is perhaps highly doubtful whether they empower Municipal Councils to frame Bye-laws for regulating the working of Power-looms, Rice & Flour Mills these are are industrial Concerns and may perhaps be regulated under the Factory Acts in force in Mysore State

3) It is for orders if the Law Section may be consulted in the first instance regarding the Competency of Municipal Councils to frame such Bye laws under Section 48 (1) (b) (iii) of the Town Mlties Act 1933

7) As defined in the Factories Act a factory means any premises including the precincts thereof whereon twenty or more workers are working or were working on any day of the preceding twelve months, and in any part of which a manufacturing process is being carried on with the aid of power or is ordinarily so carried on From the papers in the file, the exact information is not available if twenty or more persons were working or are working on the power looms within any premises It is therefore not possible to say if these can be said to be industrial concerns coming under the Factories Act The Director of Industries may perhaps be consulted on the point, and the position cleared

Under the Factories Act only the hours of employment can be regulated and no such bye-laws as now suggested can be brought into force under that Act

But the Town Municipalities Act provides for framing such bye-laws in the interests of health, sanitation and public convenience, and I believe that the Municipal Council has povers to promulgate such bye-laws I consider it desirable that the bye-laws as now proposed should be brought into force

13) These power looms do not come within the definition of "factories" in the Mysore Factories Act - But all the same it is desirable that the hours of work of these power looms should be regulated in order that rest may be given to the workers. This can be regulated easily by bye-laws framed under the Town Municipalities Act - in the interests of the health & comfort of the people living in the neighbourhood -

With reference to letter No L 4352/Ml 63-36-36 dated 14-12-1936 received from the Secretary to Government, Development Department, re Draft Power Loom Bye-laws framed by the Dodballapur Municipal Council, I have the honour to forward herewith the entire correspondence received from the President, Dodballapur Municipal Council, with his No C R 178/37-38 dated 21-12-1937 on the above subject

In this connection I write to state that the public of Dodballapur Town led by the Municipal Councillors represented the necessity of the Bye-laws before the Dewan when he paid a visit to the place and I was requested to examine the question in consultation with the Director of Industries and Commerce in Mysore After a joint inspection of the town with the Director of Industries and Commerce and consultation with the public it was decided that the working hours of the power looms be fixed from 6 A M to 9 P M

The President, Dodballapur was directed to issue a notific tion calling for objections from the public for the above rules A notification was issued calling for objections, if any, from the public It is reported that only one objection petition signed by several persons was received from the public, requesting to fix the working hours of the power looms from 7 A M to 5 P.M for the reason stated in their petition The Municipal Council before whom the petition was placed for their decision have resolved after a careful consideration and in the interest of the owners of the Looms,

that the working hours of the looms be fixed from 6 A M to 8 P M and that of the Rice and flour Mills from 6 A M to 9 P M A copy of the Municipal Council's resolution dated 19-12-1937 is enclosed

I request you to be so good as to obtain sanction of Government for the Draft power loom bye-laws as approved by the Municipal Council The draft Bye-laws in English and Kannada are enclosed in the file
